*Proceedings of the Government of His Highness the Maharaja of Mysore.*

READ—

Correspondence ending with letter No. Glc. 1598, dated the 8th October 1918, from the Inspector-General of Education in Mysore, regarding the disbursement of grants to Aided Village Elementary Schools and salaries to teachers of Village Elementary Schools.

ORDER No. 8529-39—EDN. 33-18-3, DATED 8TH MARCH 1919.

The present system of disbursement of grants on consolidated bills was prescribed by the Comptroller with the sanction of Government in his Circular No. T. A. D. 11—1208, dated 25th April 1917, whereby only one consolidated bill is prepared for the grants payable to all the Village Elementary Schools by the District Inspector of Education and forwarded to the Amildar of the taluk concerned for encashment and disbursement in the same way as the pay of Village Elementary Schoolmasters through the agency of Shekdars. The procedure in both the cases as regards preparation of bills, refund of undisbursed amounts, maintenance of acquittance rolls, etc., is the same and has been laid down in Comptroller's Circular No. 7758—T. A. D. 11—1097, dated 24th April 1916.

The present system entails considerable delay and consequent dissatisfaction among the schoolmasters. It also hampers the discharge of the legitimate duties of Shekdars. Government have received from time to time several suggestions for remedying these evils. Disbursement of the amounts by postal money order, direct payment at the Treasury, payment by Patels out of imprest given to them for the purpose, payment by a special agency of the Education Department are some of the important suggestions.

2. On a careful consideration of all the above suggestions, Government are of opinion that the system of direct payment at the Treasury may be adopted in the case of payment of salaries and grants to teachers of Village Elementary Schools within a distance of 10 miles of the taluk headquarters. In the case of villages beyond this distance, the pay and grants may be remitted by postal money order, the commission being borne by Government until separate special arrangements are made with the postal authorities therefor.

3. Two consolidated bills one for grants to aided institutions and the other for salaries of Village Elementary Schoolmasters will be prepared by the Assistant Inspector of Education for all the Village Schools in each taluk in his charge and forwarded to the Amildar of the taluk concerned for encashment and payment to the schoolmasters in the manners described above. An acquittance roll may be maintained in the Treasuries to note disbursements. Payments may be arranged to be made on or after the 5th of every month. To enable the schoolmasters to receive payment at the Treasury or the Post Office, such of them as are at a distance of over 5 miles from the Treasury or the nearest Post Office may be allowed to close the school for one day. No travelling allowance will be given for journeys made to draw the pay.

4. The Inspector-General of Education is requested to submit detailed proposals indicating the number of schools falling under the two classes mentioned above and approximate expenditure involved in remitting grants and salaries by Postal Money Order.
